

Creative use of ICT in the languages classroom

Course description:

A one-day course designed to give language teachers the know-how to use interactive web-based activities, and to use and create audio and video materials.

Outcomes:

- To create interactive language games using free, web-based software
- To create, edit and use audio and video files
- To use advanced features of PowerPoint, such as triggers, inserting audio and video, action buttons and drag and drop.

Speaker:

Martin Bowen-Jones, Head of MFL, Llanishen High School

Date and venue:

Thursday July 9th, 2009, Howardian Teachers' Centre, Cardiff

Course Code: SC01
