

INSET in the Target Language: French Improvers' day for Primary teachers

Course description:

A one-day course offering primary teachers with a basic knowledge of French, the opportunity to refresh their language skills. This could be useful whether delivering the French yourself, or reinforcing the work of a visiting teacher. A guest trainer will conduct the day mainly in the target language using a range of simple, fun and motivating activities which could then easily be applied for use in your own classroom.

Outcomes:

- To build confidence in your use of basic vocabulary, phrases and pronunciation in the target language;
- To experience a range of innovative and practical ideas to enrich KS2 within the context of KS2 non-statutory framework for MFL.

Speaker:

Angélique Davies

Angélique is currently a Secondary Head of Department, and has several years' experience of primary languages during her involvement in the CILT Cymru KS2 Pilot Project (2003-09)
